

Overtaken Steamer Eastland Photographed Soon After Disaster

This picture shows how close the great boat was to the docks when the accident occurred. When this photograph was taken hundreds of people were standing on the overturned Eastland.

CHAIRMAN ASHLEY SCORES CONDITIONS AT GARBAGE PLANT

Issues Criticism After the Council Sanitary Committee Pays Sudden Visit to Crematory Sunday Afternoon.

MEETING OF COUNCIL NECESSARY, HE SAYS

Declares Action Must Be Taken to Dispose of Garbage Plant Cannot Handle. "Odors Almost Unbearable," He Claims.

Charging that the crematory is not fulfilling its contract with the city and is inadequate to consume the garbage furnished by the sanitary department, Chairman Claude L. Ashley, of the council sanitary committee, stated Sunday that he would appeal to the mayor to call a special meeting of council for Tuesday to secure instructions as to disposing of the garbage, he says the plant is incapable of handling.

Chairman Ashley Sunday afternoon took an unprecedented action, it is said, when he called a special meeting of the sanitary committee and with six of the seven members present escorted them to the crematory, where a thorough investigation was made.

"We found all three furnaces running at full blast," stated Mr. Ashley, following the investigation. "The city is paying for a six-day run of the plant, yet they are operating seven days and even at that rate fail to handle the garbage we supply."

"Odors Very Bad."

"The odors were so bad members of the committee could hardly endure them, and I don't blame the people at the Terminal station from registering complaints with the mayor."

Asked if the crematory people lived up to their contract would they find it necessary to operate on Sunday, Mr. Ashley said:

"If they fulfilled their contract their pits would have been empty and washed out by 7 o'clock Sunday morning. Instead of that when we reached the plant at 4 o'clock there were many tons of refuse there. The garbage piled up so that by noon Monday the limit will have been reached and our sanitary wagons will not be able to place any more refuse there."

I am up against a tough proposition of the garbage, with the garbage wagon, with the plant failing to dispose of the garbage, and the city not meaning a drain on the city treasury because they cannot be operated at full time and with no instructions about sending the garbage to the dump piles."

Will Appeal to Mayor.

"My only recourse is to appeal to the mayor to call a special session of general council and get instructions from that body to have the garbage sent to the dump piles. I hope the body will hold its meeting Tuesday since something must be done to give relief to the people in the vicinity of the plant."

Mr. Ashley stated that last week the city furnished the plant with 1,474 tons of garbage. The contract calls for 250 tons per day for six days in the week. "This means the city was 26 tons under the limit."

GERMAN PRESS IS CAUSTIC IN COMMENT ON U. S. NOTE ON SUBMARINE WARFARE

RE-CROSS UNITS WILL LEAVE EUROPE

American Doctors and Nurses to Be Withdrawn From War Zone October 1 Because of Lack of Funds.

Washington, July 25.—American Red Cross doctors and nurses will be withdrawn from European battlefields October 1 because of lack of funds, a Red Cross announcement tonight said.

The two units in Belgium, where the greatest need exists, may be continued, but the other fourteen will return to the United States.

The Serbian sanitary commission and other work supported by special contribution will go on as long as those contributions are available, but the general fund of \$1,500,000 collected in the United States will be exhausted on October 1.

The American Red Cross, by October 1, will have maintained its personnel in each country a year, with the exception of the Belgian units and the sanitary commission," says tonight's statement.

Funds Becoming Exhausted.

"The four units required of each surgeon and nurse does not exceed six months, so that a number already have returned and substitutes have been sent. By October a large number of these now in Europe will return. The cost of the transportation of these surgeons and nurses, going and coming, makes a constant and considerable financial demand upon the Red Cross treasury."

The monthly payroll also is a large item of expense. In view of these facts and because its funds are rapidly becoming exhausted, the American Red Cross has decided, by October 1, of the present year, to withdraw its personnel from Europe, possibly with the exception of the unit in Belgium.

It realizes that no Red Cross of a neutral country ever before rendered so long and extensive service in the way of personnel to nations engaged in war.

"The work of the American Red Cross sanitary commission, under Dr. Richard P. Strong, for which the Rockefeller foundation has made generous contributions, will be continued."

Without it there is a crowl at the breakfast table.

These people buy quantities of merchandise every day.

The Constitution brings the highest percentage of returns because it reaches the people who have money to spend and spend it for dependable merchandise.

90 DEAD BODIES TAKEN BY DIVERS FROM DEATH SHIP

Possibly One Hundred More Bodies Still Held in River Mud—Of 2,408 Excursionists on Eastland, 1,002 Are Reported Saved.

GRIEVING THOUSANDS PASS THROUGH MORGUE

Many Funds Have Been Started to Relieve Those Left Destitute by Tragedy. State and Federal Officials Begin Investigation.

Chicago, July 25.—Bodies of 90 persons drowned when the steamship Eastland capsized yesterday at its wharf in the Chicago river, had been recovered tonight after forty hours of searching by divers.

The total dead was put at approximately 1,000 by Coroner Hoffman, whose reports indicated that possibly 100 bodies were held in the mud of the river by the superstructure of the boat. While only 1,002 of the 2,408 passengers of the Eastland have been recovered, it was thought that about 475 survivors, including the crew of 73, had failed to report.

About three-score bodies were recovered from the wreck before dark tonight, but after that divers discovered only one corpse before they quit work for the night.

There was much confusion in the tallying of bodies recovered owing to duplications and removals. As a result all sorts of estimates were scattered about the city with guesses from 1,300 to 2,300, but officers in charge of clearing the wreck have been unable to tabulate more than the 901 bodies listed.

The Morgue Is Cleared.

The morgue was cleared tonight of all but a score of corpses, all other victims having been identified.

Investigation to determine responsibility for the calamity will be under way tomorrow in a dozen quarters. City and county officers were unanimous in declaring that some blame rested with federal inspectors, alleging they permitted the steamer to operate while unsafe.

Chicago, appealed, is just beginning to grasp the significance of one of the greatest of marine disasters. While the grieving thousands who lost relatives walked through the morgue in the Second regiment armory, gazing into the faces of the dead, Chicago citizens and city, state and federal officials turn their backs to the east and west.

The Tageliche Rundschau and The Kreuz Zeitung similarly denounce the American note call for decided opinion to disapprove of the conduct of her submarine commanders.

"President Wilson considers the further torpedoing of British warships outraging American sentiment and endanger her submarines or to give up the prize money she is entitled to receive."

FIGHTING WITH DESPERATION, ONSETS OF THE CZAR CHECK ONSETS OF GERMANIC FORCES

ITALIANS GAINING AGAINST AUSTRIANS

Invaders Continue Their Advance at Several Points. Austrian Attacks Repulsed With Heavy Loss.

Geneva, July 25.—(Via Paris).—Dispatches to The Tribune from Chiasso and Laibach say the fall of Gorizia is imminent, as the city has received the heaviest bombardment thus far in the war. The Italians, the dispatches say, have taken many prisoners.

The battle continues on Carso plateau, with both sides losing heavily. The Italians bombarded Pavia Friday and Saturday, and destroyed the strongest fort there.

The correspondents say that the Austrians counter-attacked on Monte Nero and recaptured some trenches. The Italians at Ternova, are reported to have forced back the Austrians two miles.

It is asserted that the Italians virtually are masters of the north shore of Lake Garda, where many torpedo boats are active in the attack on Riviera.

ITALIAN ADVANCE.

Rome, July 25.—(Via Paris).—A war office statement issued Saturday said: "In Cadore we have completed occupation of Tofana and repelled slight enemy attacks. Against our position at Montebelluna, north of the Basin of Mianura, the enemy tried an attack which was repulsed promptly."

In the Monte Nero zone our advance continues along the crest of Lufinica. On the Isonzo front the enemy sought by night attacks, all fruitless, to trouble our right wing occupying Carso.

Yesterday morning the enemy also attempted an advance in the Carso zone, but failed, suffering heavy losses. According to orders found on an Austrian officer, taken prisoner, the attack was limited all day to artillery and machine gun fire.

Along the left wing, occupying the region this side of the Isonzo. The attack was directed by several generals and in part made by troops previously engaged against us and specially by troops freshly arrived on the field of action."

AUSTRIANS REPULSED.

Vienna, July 25.—(Via London).—The Austrian war office has issued the following in regard to the Italian theater: "In the region of Gorizia the hostile action has not been active since the night of the 22nd. Night attacks on our positions on the Carso plateau and the Carso plateau again failed with heavy losses."

CONCESSION BY RUSSIA TO SOCIALIST DEPUTIES.

Petrograd, July 25.—(Via London).—The Russian government has decided to give socialist and labor members of the duma representation on the military and naval committees in proportion to their numbers.

Hereafter socialist and labor deputies have not been admitted all this important concession is designed by the government to show that all political parties are harmonious in this time of war.

AT ONLY ONE POINT HAVE THE AUSTRO-GERMANS BEEN ABLE TO MAKE ANY ADVANCE IN EFFORT TO REACH WARSAW.

RUSSIANS THREATEN FLANK OF THE GERMANS

While Warsaw Is Under Heavy Pressure the Austro-Germans Have a Lot of Stiff Work Before Them if They Are to Capture the City.

London, July 25.—Only the northern tip of the plume the Austro-Germans for more than a week, have been trying to close around Warsaw and the Russian armies in the Polish salient, have moved the last few days. This point has forced its way across the Sarew river, between the fortresses of Pultusk and Roman, and is advancing toward the Bug river, which stands for the greater part of the way between it and the Warsaw-Vilna railway, its objective.

Another point, which Field Marshal von Mackensen is directing at the Cholm-Lublin railway, has gained hardly a yard since it reached the village of Belovetz, just south of the railway.

GERMAN FLANK THREATENED.

In stubbornly resisting the German advance the Russians are making a continual threat at Von Mackensen's flank along the Bug river from east of Cholm to east of Lemberg. Between Krylow and Sokal their camps have been especially severe, compelling the Germans to send reinforcements to meet them.

Along the Vistula, south and west of Warsaw, there has been little change except for the German occupation of positions evacuated by the Russians when they drew in their line.

While Warsaw is under heavy pressure the Austro-Germans have a lot of stiff work before them if they are to capture the Polish capital. After crossing the Narva they still have the broader Bug, lined with fortresses, to face; while in the south the Russians have good positions north of the Lublin-Cholm railway, which might prove the undoing of the army that attacked them.

There are of the opinion that the most dangerous attacks at the moment are those in the provinces of Courland, Livonia and Grodno, at the line of communication between Warsaw and the northern interior of Russia. These attacks are being delivered for the most part by cavalry and doubtless will be met in due time by a concentration of French.

FRENCH WIN IN VOSGES.

The French report another success in the Vosges at Ban-de-Sapt, where they claim to have taken more than 500 prisoners.

STAT PRISONERS WILL BE SEARCHED, ASSERTS DAVISON

Prison Commission Chairman Tells of Probe of Attack on Frank and of Plans to Prevent Future Trouble.

BOARD MEETS TODAY IF RAINY RETURNS

Answering Criticisms of Investigation, Davison Says Commission Has Nothing to Conceal From Public.

The first result of the visit of the prison commission to the state prison farm at Milledgeville on Saturday for the purpose of investigating the attempt by William Green, life convict, upon the life of Leo M. Frank will be an order requiring the warden of the state prison to see that all prisoners are searched every night before they go to bed to prevent prisoners from concealing upon their persons weapons with which to commit attacks similar to the one made upon Frank. The order will be issued by the prison commission on Monday.

This information comes from Judge R. E. Davison, chairman of the prison commission, who returned to Atlanta last night from his home, where he went Saturday night after leaving Milledgeville.

PROBE OF COMMISSION.

Judge Davison also made public the entire proceedings of the executive session of the prison commission, Governor Nathan E. Harris and Adjutant General J. Van Holt Nash, from which newspaper men were excluded on Saturday at the prison.

Judge Davison also said that on Monday a meeting of the prison commission will be held, if Judge E. L. Rainey returns to Atlanta in time, and a report of the investigation and the findings of that investigation will be formally entered upon the minutes of the commission.

The findings will exonerate all officials or employees of the state prison for the responsibility of the attack upon Frank and will state that Green planned and made the attack unaided, and that he alone is to blame. Should Judge Rainey not arrive in Atlanta in time for this meeting, Judge Davison stated that the meeting will be held as soon as he gets here.

Meanwhile Frank will remain chained to his concrete post at the state prison, pending the final outcome of Frank's conviction.

Judge Davison was surprised to find that the minutes of the visit of the commission to the prison, as published in The Macon Telegraph and The Augusta Chronicle, took a critical view of the proceedings of the commission, particularly with regard to the exclusion of newspaper men from an executive session.

Weather Prophecy Generally Fair.

Washington forecast: Georgia—Generally fair Monday and Tuesday.

Virginia—Fair Monday and Tuesday. West Virginia—Generally fair Monday and Tuesday.

ARMY-NAVY CHIEFS ON TRAINING RECRUITS

On Which President Wilson Will Base Policy for National Defense—Big Increases Planned for Army and Navy.

Washington, July 25.—President Wilson's return from New Hampshire when he will formulate with Secretary Garrison and Secretary Daniels what the white house has announced will be a sane, reasonable and practical national defense program, army and navy officials are busy assembling information on which the new military policy will be based.

It is known that the army and navy boards at work on the needs of the respective services already have their tasks well advanced. It has been planned to lay the reports before the respective secretaries within a month or six weeks, but in view of the white house statement it is regarded as probable tonight that they would be submitted within a few days.

It is known that many plans contemplate a big increase in the army, thirty and perhaps fifty being recommended; that several divisions will be used and at least four draft-raughts and that a big increase in auxiliary fleet and in navy armament will be sought. Several additional small navy yards to serve as submarine bases will be suggested, it is thought.

Such a program would carry with it of necessity an increase in navy personnel and probably the enlargement of the naval academy at Annapolis.

Army plans look to the building up of an army of 500,000 men, regulars and militia, within territorial limits. This long has been the figure at which army officers place the country's needs. To make the plan efficient it is believed some scheme to federalize the militia will be advanced and also that methods of building up army and militia reserves will be proposed. Enlargement of West Point is proposed.

This general plan contemplates, it is understood, only the mobile force. The coast artillery, garrisons for the Panama Canal, the Philippines, Alaska and Porto Rico will be considered separately.

Army officials hold that ample equipment of the mobile force, machine guns and heavy field ordnance will be required to make the plan time to make these and also to manufacture.

Field gun ammunition and small arms ammunition will be a big problem in a hurry. It is said private plants will be made to have increased many under the stimulus of government contracts. A year ago, however, most owned by private plants could make in a month as much as government plants could turn out in four months.

SECURITY LEAGUE RAPIDS DEFENSES.
New York, July 25.—The report of the army committee of the National Security League, of which the president, former secretary of war, is chairman, characterizes the present military defense as "woefully insufficient" and indorses recommendations of the army general staff, "made repeatedly to Congress" for a reserve army of a half million men.

The report made public tonight, also indorses the "repeated recommendations made for Congress for a reserve army of a half million men, and also for a reserve of arms, ammunition, and all classes of war material."

The report says the country's total defensive mobile force consists of about 250,000 men, and that the present force "quite aside from its weakness in numbers," the report says, "this force would be poorly trained, hardly inefficiently organized, ill-balanced, incompletely equipped and lacking in essential as light and heavy artillery and ammunition to serve it. With ordinary fortunes of war the probable outcome is so apparent that it need not be stated."

"The only sound conclusion," says the report, "that can be drawn from an unbiased and dispassionate consideration of the facts is that the present arrangements for the national defense are woefully insufficient to meet the full requirements of adequate national defense."

BELIEVE MISSING GIRLS PAID A VISIT TO ROME
Word has been received in Atlanta to the effect that authorities of Rome, believe Ennio Guin and Mary Roberts, who were said to have run away from their homes, 23 and 24 East Hunter street, Thursday night, passed through Italy recently en route to Birmingham, Ala.

At any rate, the girls answering the description of the two missing ones were seen there and later seen to take a Birmingham train.

The girls left together, going, as they told their parents, to visit a sick friend at Grady hospital.

\$40,000 LOSS CAUSED BY FIRE AT COLUMBUS
Columbus, Ga., July 25.—Fire here tonight gutted a three-story building in the center of the business district, resulting in an estimated loss of \$40,000, partially covered by insurance.

The first floor was occupied by a store and a shoe store, while the second and third floors were leased to the Loyal Order of Moose. The origin of the fire has not been determined.

BUILT A MONUMENT
The Best Sort in the World.
"A monument built by and from Postum," is the title of a booklet which describes itself. It says:

"For years I was a coffee drinker until at last I became a terrible sufferer from dyspepsia, constipation, headaches and indigestion. The different kinds of medicine I tried did not cure me, and finally some one told me to leave off coffee and take up Postum. I was fortunate in having the Postum made strictly according to directions on the package. From the start I liked it. Gradually my condition improved. The old troubles disappeared and I began to feel well again. My appetite became good and I could digest food. Now I am restored to strength and health, can sleep peacefully and awake with a fresh and rested body."

"I am really a monument built by Postum, for I was a physical wreck, tired in body and mind, and am now a strong, healthy man. I know exactly what made the change; it was leaving off coffee and using Postum."

Name given by Postum Co., Battle Creek, Mich. Read "The Best Sort in the World" in two forms: Postum Cereal—the original form—must be well boiled, 10 and 15 packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and with cream and sugar, makes a delicious beverage instantly, and so on.

Both kinds are equally delicious and cost about the same per cup.

"There's a Reason" for Postum.

—sold by Grocers.

IN NEW BUSINESS

OF INCITING TO RIOT

Superintendent Edwards and 32 of His Men Arrested at Bayonne.

New York, July 25.—Samuel H. Edwards, general superintendent, and thirty-two guards of the Tidewater plant, were arrested at Bayonne, N. J., today charged with inciting to riot.

Superintendent Edwards and 32 of his men were arrested at Bayonne, N. J., today charged with inciting to riot.

All were arraigned immediately. Edwards was released on \$500 bail, and August 1 was set for his hearing. The guards, nearly all of whom came from other cities, were jailed in default of \$500 bail each.

P. Leonbergoff, a labor representative, arrested with the guards, was released in \$100 bail.

EXCITING AUTO TOUR

ENJOYED BY VAUGHAN

With a wonderful story of travel, Officer H. E. Vaughan, of the Atlanta police force, has returned to duty here after a long automobile tour through the southern part of Georgia.

Accompanied by his wife, son Harry and Miss Georgia Russell, Officer Vaughan's party left Atlanta Sunday morning, July 11, and traveling leisurely through Macon, Milledgeville, Savannah, Brunswick, Jacksonville, St. Augustine, Lake City, White Springs, Jennings and Jeter, the party turned back to the city of Atlanta.

Officer Vaughan told his friends of exciting trips over taken out of Atlanta. His wife catching a 55-pound drum fish, and one wreck in which his horse was thrown out of the car into a cotton field.

The party carried tents and portable camping equipment. Each night they would pitch their tents in some suitable place and enjoy a full night's rest before taking up their journey.

NO REBEL RAID FEARED IN THE PHILIPPINES
Manila, July 25.—Governor General Harrison today denied a report circulated in the United States of a possible insurrectionary raid on Port McKinley. Both Governor General Harrison and Major General H. Barry, commanding the troops in the Philippines, have been informed.

LUEDERUS IS KILLED IN MOTORCYCLE RACE
Sacramento, Cal., July 25.—W. Luederus, a German, was killed today in a motorcycle championship race. He ran into a post while trying to make a turn and was killed.

ALBANY PLANS TO BUILD

BARGES ON FLINT RIVER

Business Men Will Take Trip of Inspection With Expert Today.

Albany, Ga., July 25.—(Special.)—Albany has made up her mind that a line of steel barges on Flint river, to handle freight between the foot of Broad street and Tidewater, is her present greatest commercial need, and her business interests have also come to the conclusion that if the barges are to be built and put in commission, Albany will have to build them.

Richard Clark Wilson, an engineer and expert on river barges and transportation problems, will make a trip down the river with a party of Albany business men, chamber of commerce officers and city officials Monday and Tuesday night with the view of securing the restoration of Albany's barge experiment on the Ocmulgee.

Nothing is being watched with interest and as there is more water in the Flint than in the Ocmulgee, and fewer obstacles to navigation, there seems to be no present river traffic is handled by wooden steamers, which do not go to salt water.

Congressman Frank Park will make the trip down the river Monday and Tuesday morning, and will be in the city hall. He is much interested in the barge experiment and will be in the city hall.

He is much interested in the barge experiment and will be in the city hall.

GIRL ON MOTORCYCLE

PAINFULLY BURNED

WHEN DRESS IGNITES

Americus, Ga., July 25.—(Special.)—Miss Melva Clark, aged 16, received painful burns tonight when her clothing caught fire from the motorcycle upon which she was riding with her young brother, Carroll Clark. Sparks from the motor supposedly ignited the light dress and Miss Clark was aflame when neighbors, who witnessed the accident, rushed to the rescue and tore away the blazing garments. Her injuries are painful, but not critical.

Hundreds of spectators were attracted by the fire alarm and the department responded and saved the burning machine.

PAZELTON-BARRETT.
Kingston, Ga., July 25.—(Special.)—A marriage of interest to many friends was that of Mr. Robert C. Barrett to Miss Martha Pazelton, both of Kingston. The wedding took place in Cartersville this afternoon.

Sports Cracker's Blank Chicks in Sunday's Game

Perry Dips the Memphii In the Kalsomine Vat; Hurls Strong in Pinches

By Herbert Caldwell.

Memphis, Tenn., July 25.—(Special.)—Inserting the punch where the pitcher was productive of scores, the Crackers made enough insertions off Jack Bushman's right-handed shots this afternoon to give the Chicks a 3 to 1 blow.

The Cracker punch was there, and the Chick punch wasn't, and therein lies the story of three Atlanta scores and near Memphis scores, which remained unchanged when the day was over.

Scott Perry, a wase, and therein also lies the principal reason why the Chick punch was missing. The seven his accumulated off the delivery of Perry were distributed in six innings and turned out by five Chicks. Perry disposed of eight Chick batters via the "S. G." route.

Bushman, who made his debut in Memphis stockings, kept himself continually in trouble through his nervousness, but managed to pull himself out of each hole while he was in it. With one exception, the Cracker score in the 12th round was the ultimate result of a boot by Ted Baldwin at third base.

Local's First Tally.

After securing but one hit off Bushman during the first four rounds, the Crackers struck in a pinch in the fifth round when they were down one out. Baldwin was safe when Baldwin put the node to his grounder down the third base line. Baldwin advanced a station on McDonald's single to center.

The Crackers threatened a run in the sixth, and hard hitting produced another pair of runs. McDonald went out. Moran singled to center and pitched over the left field base. Moran counted three runs, and again a teaser down toward Baldwin.

He beat out a double, and then counted. Jenkins sent a terrific drive to Allison and Kaufman. The Crackers threatened a run in the eighth when two Atlanta base runners Mitchell to Ebel, doubling Kaufman.

The Crackers threatened a run in the eighth when two Atlanta base runners Mitchell to Ebel, doubling Kaufman. The Crackers threatened a run in the eighth when two Atlanta base runners Mitchell to Ebel, doubling Kaufman.

Chick's First Tally.

The team with the missing punch showed themselves in the eighth when the Chicks failed to take advantage of the opportunity offered for the laying of the foundation of the first inning.

After the first inning the Chick had a 1 to 0 lead.

NATIONAL LEAGUE.

Philadelphia, July 25.—The leaders took their game from the Athletics in the ninth, 4 to 2. A base on balls, two singles and a sacrifice fly netted Philadelphia its first two runs, and Griffith made a double and a triple to win the game.

Score by innings: Philadelphia, 100 000 000 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45 46 47 48 49 50 51 52 53 54 55 56 57 58 59 60 61 62 63 64 65 66 67 68 69 70 71 72 73 74 75 76 77 78 79 80 81 82 83 84 85 86 87 88 89 90 91 92 93 94 95 96 97 98 99 100.

HONOR PAID TO BURNS BY ATLANTA ADMIRERS

119th Anniversary Celebrated
Sunday Afternoon at the
Burns Cottage.

The 119th anniversary of the death of Robert Burns was celebrated yesterday afternoon at the Burns club cottage, situated at the end of the Seaside home car line. Representatives of many clans of Scotland, all members of the Atlanta Burns club, and many admirers of the poet from the city and other parts of the state gathered in the pavilion on the club's grounds for the services, which consisted of addresses exemplifying the world spirit in Burns' poems and songs.

The occasion was also made interesting by the memorial exercises held in honor of members of the Burns club who have died within the last year. They were George S. Burns, who was spoken of by his intimate friend, Judge Marcus W. Beck, and John R. Williams, whose life and connections with the Burns club were dwelt upon by Eugene Oberholser. This is the second year that the anniversary of Burns' death has been given a local significance by a remembrance of the deceased members of the club. An unique souvenir booklet, containing biographies of those who have died, and which had been arranged by John M. Graham, was distributed among the guests.

Following the invocation by the chaplain, Rev. H. R. Bernard, Eugene Oberholser, president of the club, made a short talk commemorative of the occasion, and Rev. J. Wade Gaudin in an address on "The Spirit of Burns" showed that the poet struck the genuine keynote of life in his desire for sympathy, truth and love for humanity. Several other members also spoke.

"Miss Minnie McLean sang 'Land of the Living' and 'By the Sea' and Mrs. Sybil Owen Hartley excellently rendered 'The Bonnie Broom'.

When the World Foret sang 'Annie Dorn'." Frank Wheat sang 'Bonnie Doon'.

Needling Text Books,
Many Negro Children
Barred From School

"More than five thousand colored children will not be able to attend the public schools this term on account of the inability of their parents to pay the necessary books and the crowded condition, unless some provision is made by the board of education, city council or its citizens," was the substance of an address made by Professor B. R. Holmes, president of the Holmes institute, at a well attended meeting of colored citizens in the First Baptist church Sunday morning at 11 o'clock.

"The colored people must begin a fight to purchase books and shoes for the unfortunate colored children of the city or allow them to go to in ignorance and crime and increase poverty in the city."

Holmes institute has enrolled more than 100 applicants for the coming school year. Ninety per cent of them are under school age and are compelled to work in the day to help support their parents, and 34 per cent of them are employed by white people and want to become more efficient in their work.

WAY BILL IS DOOMED,
SAYS COLORED PASTOR

Rev. H. H. Proctor spoke on "Faith as an Element in Success" in his sermon at the First Baptist church, colored, yesterday morning. Among other things he said:

"A man of faith is essentially a man of power, and therefore a man able to control himself and even himself above himself. He has power with God, and for the reason that God has power with him because God is seeking men of faith through whom he can work in the world. He has power with men; as a marked man he attracts the attention of others and secures their co-operation in the work he has in hand."

"An instance of the power of faith is the sentiment which has been stirred against the Way bill during the past week. Those against the bill were armed with powerless petitions, but through the power of faith the sufficient sentiment was aroused to defeat the measure to insure its defeat."

SUPPLIES ARE STOLEN
FROM GROCERY STORE

Burglars looted the grocery store of Williams & Johnson, 231½ North street, early Sunday morning, and took a large supply of groceries and foodstuffs.

The police have no clue to the identity of the burglars, although detectives have begun work on the case. The store was called to the store by removing a plate glass window. The robbery was discovered by officers Negro and Meek.

NETRO DIES IN STORE;
ASSAILANT IS UNKNOWN

An unknown Negro, about the age of 25, dragged himself into a store at 176 South Forsyth street, at a 10 o'clock Sunday morning, bleeding profusely from stab wounds, which he declared another Negro had inflicted with a knife. He was unable to give any description of his assailant before dying shortly after coming into the store.

Corner Doolittle was notified by Call Officers McWilliams and Austin, and has begun an investigation of the murder.

Handsomeness
La Vallieres \$7.50
Upward

La Vallieres will always be popular.

A new lot of exceedingly pretty ones has just been stocked.

Sold gold La Vallieres, with three genuine diamonds, drops, range in price from \$7.50 upward.

Special attention is also directed to the three and five stone Necklaces at \$15.50 to \$50.00.

Call and let us show them to you.

Write for 160-page illustrated catalogue for 1915.

WHAT DOES FREEMAN THINK OF TELEGRAM COCHRAN SENT HIM?

After spending a restless night trying to devise some method for raising funds to pay for two ant bears, two elk and a polar bear, Park Manager Joe Cochran Sunday morning early was relieved to learn from story in The Constitution that the animal order was all a joke.

The park manager received a postcard Saturday from Indianapolis, Ind., signed by Councilman George Freeman, who is in that city on business. The card, which had been written by Councilman Claude Ashby, and which informed Cochran that Freeman had been waiting a reply and presumed that the councilman is likewise puzzled. Mr. Cochran stated Sunday that he had to admit that the joke was on him. He said he held Councilman Freeman in the highest esteem and the only objection he had to the report was that it was a joke. He said he was in the attitude of criticizing the mayor for appointing Mr. Freeman on the committee. He says Mr. Freeman has been a valuable aid in the development of the park and that in no wise did he question the mayor's appointment.

HARRIS TO REVIEW STRIPLING RECORD

Governor Will Probably Grant
Pardon Before End of
This Week.

Governor Harris stated yesterday that he will review the stripling record of the case of Edgar Stripling, a colored man, who was sentenced to life in prison for the murder of his father. The governor stated that he did not know just when he will act on the case, but it is expected that it will not be long, probably before the end of the present week.

Attractive Program Offered at Concert Sunday Afternoon

An attractive and brilliant program has been given at the Auditorium-Orchestra Sunday afternoon, when City Organist Edwin Arthur Kraft appeared in his usual masterly manner.

The recital started at 4 o'clock, and among the selections Mr. Kraft played a "Festiva March" composed by Charles A. Sheldon, Jr., Atlanta's composer.

Mr. Kraft's interpretation of Wagner's "Die Walkure" was one of the best ever heard in the Auditorium. The program for the recital was as follows:

"Festiva March" (Dedicated to Mr. Kraft) by Charles A. Sheldon, Jr., Atlanta's composer.

"Die Walkure" (Nocturne) by Richard Wagner, master fire music from "Die Walkure."

Ad Men Will Elect
Officers Thursday
At Annual Meeting

The Ad Men's club of Atlanta will hold its annual meeting at a dinner Thursday night, July 28, at the Ansley club.

The reports of the officers going out of the club will be heard and the outlook for the Ad Men's club during the ensuing year will be outlined by the incoming executives.

ADDITIONAL SUM NEEDED
FOR ALBANY AUDITORIUM

Albany, Ga., July 25.—(Special).—It develops that the \$40,000 recently provided by bond for the erection of a municipal auditorium for Albany is not sufficient to provide such a building as the plans call for. It will take at least \$50,000 to put up the building which the projectors are projecting.

Several ways of providing the additional funds have been suggested, and it is not doubted that a way out will be found. But in order that the views of the citizens may be secured, the mayor and council have issued a call for a special meeting of citizens at the city hall at 5 o'clock Monday afternoon, at which time the matter will be placed before them and suggestions invited.

There has been some little disagreement between the commissioners of Leon and Jefferson counties as to the best route to be chosen for the highway through those counties. In fact it seemed sort of a case where all of the routes were so good it was hard to choose between them. The matter was practically decided at the meeting attended by representatives from Thomas county Tallahassee a few days ago, and it will be definitely arranged upon the report of Mr. Gilbreath on Monday.

THIEF CAUGHT IN ACT
IS SHOT BY TIFTON COP

Tifton, Ga., July 25.—(Special).—Robert Hammock, who had burglarized a store of Weinstein & Levy, was shot in the right knee and captured last night while resisting the officers. His confederate, Ernest Willis, escaped.

The two had forced the rear window and were making off with their loot, consisting of clothing, shoes and other wearing apparel packed in two suitcases and grip. When Officer Stephens saw them, both ran. Stephens shot Hammock in the knee and captured him. Both Hammock and Willis are from Worth county and recently served terms for burglary.

HIGHWAY MEN TO MEET
AT TALLAHASSEE TODAY

Thomasville, Ga., July 25.—(Special).—At the meeting of the commissioners of Leon and Jefferson counties at Tallahassee on Monday to decide definitely the route of the Dixie highway through those counties, they will have with them W. C. Gilbreath, chief secretary of the Dixie highway, with him a car for a special meeting of citizens at the city hall at 5 o'clock Monday afternoon, at which time the matter will be placed before them and suggestions invited.

There has been some little disagreement between the commissioners of Leon and Jefferson counties as to the best route to be chosen for the highway through those counties. In fact it seemed sort of a case where all of the routes were so good it was hard to choose between them. COMPULSORY EDUCATION TO COME UP THIS WEEK

Bill to Exempt College Endowments From Taxation Will Also Be Considered.

The compulsory education bill of Mr. Hutcheson, of Turner, and Mr. Nunn, of Houston, and the bill by Senator Walker to exempt from taxation college endowment funds are on the calendar of the house for consideration this morning.

The senate will this morning probably take up considerable time in the discussion of a bill carrying an appropriation of \$10,000 for the college of agriculture at Americus. Two amendments have been offered, one to cut the appropriation to \$10,000.

The compulsory education bill is expected to precipitate a lively contest in the house. It provides for compulsory education for children of three months in each year between the ages of 8 and 17 years, inclusive.

Any violation of the law on the part of the parent or guardian will be considered a misdemeanor.

OSCAR UNDERWOOD
PROMISES TO BACK
FORREST HIGHWAY

Roma, Ga., July 25.—(Special).—During a tour of the Forrest highway, the branch of the Dixie highway leading from Birmingham to Roma, will be made by Senator W. Underwood, of Alabama, accompanied by R. W. May, of Birmingham, president of the Forrest Highway association, and several of the directors of the association.

Mr. Underwood has promised his personal support to the project, and it was decided to incorporate the highway association in the state of Georgia and Alabama. The Forrest highway association was elected, consisting of President H. A. Whelchel, of Rome; Secretary H. A. Whelchel, of Rome; and several others.

Mr. Underwood will immediately take up the work of county organization and the raising of funds for the preliminary work of the highway association. He will be accompanied by Judge J. L. Herrin, of Ashville, and T. J. Simpson, of Rome.

The Forrest highway association will immediately take up the work of county organization and the raising of funds for the preliminary work of the highway association. He will be accompanied by Judge J. L. Herrin, of Ashville, and T. J. Simpson, of Rome.

Today—

and for thirty-three years past and for tomorrow and always, Jacobs' prices are, have been and will be the lowest.

No spasmodic jabs---but a constant, consistent and earnest cut price policy has been ruling spirit of this store from its first day and will be always.

Eleven retail stores centrally located where you can buy everything a drug store should have at cut prices.

Careful and intelligent service and stocks that are absolutely unequalled.

Quantities are necessarily restricted to prevent druggist buying. These prices are for the consumers. Mail orders are filled carefully and quickly. Express charges prepaid in Georgia on orders of \$5.00 or more. Orders by parcel post must include sufficient postage.

A Word About a Vital Department

We feel a pride in the splendid line of Medicines and Toilet Articles produced in our Atlanta Laboratory. We recommend and guarantee every one to be good, reliable and worthy of your full confidence.

It requires much professional skill and a vast amount of labor to establish and maintain such a Laboratory.

Far in advance of the stores that have no more pharmaceutical ability nor professional pride than to recommend to you preparations the formula of which are unknown to them. When we say to you this is a good preparation we back it up to the limit—we know the formula—we make it and can truthfully offer it to our trade.
